The rule may be relaxed so far as implements and machinery to be specially constructed are concerned. It may also be extended in the case of labour saving appliances & a number of similar articles. In other cases I see no objection to the rule being followed. The idea is to effect the purchases as economically as possible by booking them as far as possible together.

SIR,

With reference to Government Order No.G.419-69/P.P. 11-19-1 of the 7th July 1919 directing that all orders for articles to be purchased abroad should be sent to the Chief Secretary to Government so that arrangements may be made for their purchase through Messrs.Jeremiah Lyon & Co., London I have the honour to state that most of the orders placed by this Department refer to goods such as Laboratory appliances, implements and machinery which have to be constructed with special reference to the work for which they are required or adapted to suit local conditions here. In such cases it is out of the question to call for tenders. It will be necessary to take up the question with the manufacturers direct and furnish them with special instructions as to the apparatus or machinery required. I request therefore that the order under reference may be relaxed in the case of orders for goods required by this Department. If this is not done I fear the work of the Department will be very seriously hampered.

I have the honour to be,
Sir,
Your most obedient servant,

Leslie C Coleman

Government Order No. G. 419-69—P. P. 11-19-1, dated the 7th July 1919, appointing Messrs. Jeremiah Lyon & Co., as their Agents in London for the purchase of machinery, stores and other articles manufactured in Europe and America which are required for the use of the several departments of the State and directing that all orders for articles to be purchased abroad should be sent to the Chief Secretary to Government on receipt of the usual departmental sanction, so that arrangements may be made for their purchase through Messrs. Jeremiah Lyon & Company, London.

2. Letter No. 205i—C. 371, dated the 19th—24th September 1919, from the Director of Agriculture, stating that Laboratory appliances, implements and machinery usually ordered for by the Agricultural Department have to be made by giving special instructions to the manufacturers so as to suit local conditions here and requesting that he may be authorised to send his orders for all articles required by his department to the manufacturers themselves without the intervention of Messrs. Jeremiah Lyon & Co., London.

Order No. G. 10281-2—P. P. 11-19-69, dated 10th November 1919.

Government are pleased to direct that the rule laid down in their order of the 7th July 1919, be relaxed in the case of implements, machinery and laboratory appliances, which are required to be specially constructed for the Agricultural Department.
